EDUCATION

CentraleSupélec & ESSEC Business School, Paris, France 2024 - 2028
Bachelor in Artificial Intelligence, Data Analysis and Management Sciences

Relevant coursework: Advanced Linear Algebra, Probability, Python Programming, Data Analysis, Machine Learning, Cost Analysis, Microeconomics.

Lycée Notre-Dame Les Oiseaux, Verneuil-sur-Seine, France 2021 - 2024
Baccalauréat in Mathematics and Computer Science – Expert Mathematics Option

High honors. Specialized in mathematics and computer science.

PROFESSIONAL EXPERIENCE

Prime Analytics April 2026 - August 2026
AI Engineer Intern *Paris, France*

- Built from scratch a **Model Context Protocol (MCP) server** in Python integrating Alteryx Server into an agentic AI infrastructure, with Claude (Anthropic) as the orchestration layer — enabling natural language queries to autonomously trigger Alteryx workflows, monitor execution, and return structured results.
- Developed a full **Data Quality pipeline**: Alteryx workflows detecting anomalies written to a Supabase database, queryable by Claude in real time via MCP tools.
- Refactored the **AI Prompting macro** (Python) and built a **multi-document text extraction tool** supporting PDF, contracts, and presentations to reduce LLM token costs.
- Designed and deployed **compliance workflows** for the banking/insurance sector (AMF regulatory threshold detection across 50,000 positions, automated PDF report generation).
- Presented the full MCP solution to **Alteryx** (the software editor) on July 29, 2026.

Trinity Agency 2025 - Present
Event Host *Paris, France*

- Welcomed and assisted guests during high-end corporate events and gala evenings; managed cloakroom operations and guest orientation for prestigious clients.

CentraleSupélec 2024 - Present
Member of AUTOMATANTS – AI Association *Paris, France*

- Participated in AI-focused projects (neural network creation and training) and contributed to project management and AI education initiatives.

LANGUAGES AND IT SKILLS

Languages: French (native), English (fluent), Spanish (intermediate)
Programming & Tools: Python (pandas, numpy, matplotlib, scikit-learn, tensorflow, pytorch), SQL, HTML, LaTeX, GitLab, VS Code, Jupyter Notebook, MS Office
AI & Data: Alteryx, Claude/Anthropic API, OpenAI API, MCP (Model Context Protocol), Supabase, Streamlit

ACTIVITIES AND INTERESTS

Sports: Triathlon (5 practices/week), Athletics (Finisher – Paris Marathon 2025), Tennis
Music: Piano
